

COVID-19: March Vaccine Distribution Information from the Wyoming Department of Health

March 15, 2021

The Wyoming Department of Health (WDH) anticipates the following allocation of vaccine across the state for March 2021 based on estimates provided by the Centers for Disease Control and Prevention (CDC). Vaccine allocations will be shipped to county public health agencies or in some instances to hospitals and other providers to administer to Phase 1 populations.

Listed amounts are for first dose only. **These amounts are tentative and may change.**

*Janssen vaccine allocations are TBD in March.

For Pfizer and Moderna, second dose shipments are sent to each facility that received first dose shipments (Janssen vaccine is one dose only). Second dose shipments are not included in the table above.

- Pfizer vaccine is ordered and shipped approximately two weeks after the initial shipment of vaccine.
- Moderna vaccine is ordered and shipped approximately three weeks after the initial shipment of vaccine.

Received and expected statewide second dose orders through March:
